Cinema Verbier

Welcome to VADA

Welcome to Verbier's seventh and probably last (for the time being anyway) pantomime.

I'm sure most of you know the history of VADA and the pantomimes. Some of you may even be able to claim to have seen them all or even been in them all – thank you!

What you may or may not know is that the lifeblood of this annual performance is Heather and Richard Knowles. They have brought years of Yorkshire panto experience and enriched the lives of so many of us with their unfailing enthusiasm and blunt good humour!

I, personally, have gained so much from being involved in the panto over the years and have loved seeing so many children grow with it since 2010.

It was with great regret that we learned that Richard and Heather are taking their well deserved retirement this year and are returning to Blighty to spend more time with their growing family. I know you will agree that they will be sorely missed so please join me in thanking them profusely for making this everything it has become. It has been a joy and a privilege working with them over the years.

Enjoy the show.
